

Thermotube Tube Heater Specifications

	TH1H / LV	TH2H / LV	TH3H / LV	TH4H / LV	TH5H / LV	TH6H / LV
Loading	60W	120W	180W	240W	300W	360W
Voltage	110V 230V	110V 230V	110V 230V	110V 230V	110V 230V	110V 230V
Weight	0.30kg	0.45kg	0.55kg	0.86kg	1.05kg	1.10kg
Length	308mm "1 Ft"	620mm "2 Ft"	923mm "3 Ft"	1226mm "4 Ft"	1575mm "5 Ft"	1837mm "6 Ft"
Width	75mm from base of mounting bracket					
Depth	95mm from wall when mounted in bracket					
Construction	Element	Wound nickel/chrome resistance wire on mica frame				
	Case	Port hole drawn 50mm diameter Aluminum tube				
	Cover	20% glass filled polypropylene				
	Brackets	20% glass filled polypropylene				
Wiring	20mm diameter provision for conduit and 3 core flexible mains lead.					
	Harmonized System Code Number: 851629					

Please note: All Thermotube heaters are IP54 rated – They have a limited protection for ingress of dust and are protected against water splashed onto the heaters surface.
